#### Dress and Beautification.

The Merchants Association of New York has just completed an healts of the advance figures of the 13.7 United States cousus of manufacturers which offers some ducidedly interesting figures

It is time that New York is not the United States but the trend there may very well be taken to be indicative of that throughout the country if this ha true womanhood's bill for beautification and personal adornment is going up by leaps and hounds the increase being the more marked by comparison with the decreased outlay of the so called lords of creation

The output of civibing for men and hove not including work clothing in New York CHy in 1925 was \$379 000 000 It drapped \$19 000 000 in 1997 to \$360 000 000 the wikes of workers in factories producing these lines dropping \$117 000. The output of ciathing for women and girls in 1925 was \$1 008 000 000 During the next two veirs 500 and to \$1 145 000 000

The output for perfumery ocemetics and tollet criticle in recent from \$106 and 000 in 1925 to \$250 000 000 in 1957. If may be said that the latter sum is just theut \$18 000 000 less than the cost of the fifteen 10 000 ton coursers authorized in Uncle Sam s naval program | 1 at there is this difference the cost of the fifteer cruisers covers a build ing program of at least two and possible three or four you while the output of perfumes cosmetics and toilet criticles is that of 1927 alone and is that of New York City alone In a nord the cost of the cruisers over which the ridicals and their pacificist friends protested to hitterly and so stoutly computed is not comparable to what the people of the of attalning personal heautification

"If I had visited your laundry before, I never would have hesitated to send you all my laundry work, ' say the visitors at the Anthony Laundry. We have installed the newest and most modern machinery to do your laundry work better, quicker and more economically than any other method. Your clothes are placed in individual net bags, white in one and colored in another. They are gently rinsed and massaged ten times till all the dirt is gone. The water is softer than any rain water and we use only pure Ivory Soap, and fresh cleanwater is used for each rinsing. No wonder the clothes emerge clean, sweet and fluffy. No buttons missing, no stains or tears, just the way you have dreamed of having your clothes washed

We want to prove to you the truth of our claims for a superior washing service. This te our offer: If you will send us your Flat Pieces we will wash, trost and fold all of them at the very low rate of 7c per pound. You cannot afford to do this world any other way when you can have it done so cheaply during this trial offer period.

For example: We received in one bundle-5 Sheets, 1 Table Cover, 5 Handkerchiefs, 4 Pillow Cases, 4 Face Towels, 9 Bath Towels, 5 Wash Cloths. This weighs a total of 11 pounds and the complete charge was 7x11 or 77c for Washing, Ironing and Folding.

Unfavorable weather conditions
